

What is Disc Golf?

- A sport with similar rules to standard golf, which utilizes high-tech flying discs (aka: Frisbees) and above ground baskets.
- A family friendly outdoor activity that can be played individually or as a team from age 5 to 85.
- A new revenue generator for parks, camps, golf courses, schools and other venues.
- An environmentally friendly sport that leaves a nominal footprint.
- A low maintenance activity that can be installed quickly and can occupy under utilized areas. Thus, by increasing foot-traffic, reduces crime and vandalism.
- A sport celebrating over 30 years of their players association (Professional Disc Golf Association), which sanctioned over 1200 tournaments in 2010.
- It is estimated that disc golf has well over 700,000 regular players who welcome and encourage new participants.
